

Acknowledgements

I thank Dr. H. L. Kaila for his support and guidance throughout the eight years that it took me to develop the DOS model.

I also thank...

Umamaheshwari Adval for her assistance in creating the manuscript.

Arun Udmale, Manish Chhatbar, Manushi Sheth, Sampada Karandikar, Nivedita Nagpal, Niharica Raizada, Nirav Mehta, **Rucha Prabhukochrekar**, Snehprabha Balkrishna Nevrekar, Adheesh Nargolkar, Radhika De Tewari and Arjun Raj Gaind for their assistance in research, content creation and publication.

Dr. Vivek Allhabadia, Dr. Mugatbhai Shah, Hamendrabhai Punjani and Late Vikram Pandya for their appreciation and guidance.

Pankaj Khandpur and Jishnu Vyas for their contribution to the person I am today.

My wife Alpa and son Vihaan for understanding my long working hours, be it night or day.

and

My grandfather Pujya Amrutlalbhai and my mother Hansaben, from whom I have learnt the unique conceptualizations of the human mind that has greatly helped me to understand mind functions.
